## PROFILE

A versatile, hands-on developer with more than 9 years' experience. A born problem solver with a can-do attitude. Adept at building cutting-edge Android, iOS, or cross-platform apps for phones and TVs. Self-motivated, eager to take ownership.

## EMPLOYMENT HISTORY

### Android, iOS & JS Developer, UICentric    London (remote)
Mar 2019 — Present

I joined the team to develop the UEFA.tv app for Android, AndroidTV and FireTV, where I learned a lot about working efficiently in a remote team. The app maintains a 4.4/5 star rating with 500K+ installs on Google Play.

I also worked on TVMLKit JS and ReactNative projects like the PIX.online app for tvOS or the Omfit fitness app for all major TV platforms.

### Frontend Developer, Océ (Canon Europe)    Szeged
Feb 2018 — Feb 2019

I joined the company to develop the new Canon Photo Companion app from the ground up. As a greenfield project, we had the chance to use a cutting edge tech stack. Reached and maintained a 4.4/5 star rating on the Google Play store with 200K+ installs.

### Software Engineer, Klarna    Berlin
Aug 2015 — Jan 2018

As the only Android developer in the team, I was working on the Wavy by Klarna app which maintained a 4.5/5 star rating in the Google Play store with 40K+ installs.

### Senior Android Developer, Red Steed Studios    Szeged
Mar 2014 — Aug 2015

I have worked on various R&D projects including a Bitcoin wallet, a chat application and a map based mobile game prototype.

### Android Developer, CAS Software    Szeged
Jan 2011 — Mar 2014

Joined to work on a green-field client app for the company's flagship CRM system. I was the team's Scrum Master for the last two years.

## EDUCATION

### Bsc in Business Information Technology, University of Szeged
Sep 2006 — May 2011
